BIBLE CONFERENCE

ATTENDANCE INCREASES AND INTEREST DEEPENS AS THE WEEK LENGTHENS

The Bible Conference at the Glendale Presbyterian Church continued throughout the week with increased interest and attendance.

The Friday afternoon meeting opened with an inspiring devotional hour, led by J. C. Stillion of the Bible Institute, Los Angeles, who took for his theme, "The Believer's Blessings in Christ Jesus," his text being taken from Eph. 1:3-14. This passage he spoke of as one of the longest sentences ever written, containing 264 words in the Greek language. It contains, he declared, some of the most wonderful truths in God's revelations and shows the many blessings bestowed upon the one whose faith is founded upon Jesus Christ.

Following this Dr. J. R. Pratt of Pasadena continued to emphasize the same scripture making three main points, the first being "The believer's position." "Because he is in Christ," said the preacher, "all these blessings are his. It is the place of security, the place of abundant supply." He said that Dr. Trumbull had illustrated this truth by taking a box marked "God." Within this box was found a smaller one marked "Christ" and inside that box was another marked "You," and it is all expressed in the text. "All things are yours and ye are Christ's and Christ is God's. His second point was "the believer's possessions." "Because we are here we possess all things," he declared. "The trouble with most Christians they do not appropriate all the riches that are theirs, just as a man might be poor all his life and yet carry around a check that would make him a millionaire if he would only cash it."

His third point was "the believer's sphere," which he developed by the enumeration: "Christ was crucified, buried, rose from the dead, ascended (Continued on Page 4)

AUTO COLLISIONS

Two auto accidents were chronicled at the City Hall Sunday, but fortunately the machines alone suffered, none of the occupants being hurt. The first one took place at one a. m. Sunday morning on San Fernando Road near the winery when a car driven by Mrs. Willis of 811 College avenue, Los Angeles, collided with one driven by Mr. Arrington of N. Broadway, Los Angeles. Her left rear wheel and running board were smashed and Arrington suffered a blow-out.

Another collision at 12:15 p. m. Sunday involved a car driven by Mrs. J. D. Ryan, of 120 West Laurel St., and an auto driven by George D. Hastings. Both machines were injured somewhat, but that was the extent of the damage.

CAR BREAKS PLATE GLASS WINDOW

Today (Monday) at about 12 m., a large Chandler touring car belonging to George Wright of 357 West Broadway, mounted the concrete walk in front of Smith's Groceries on Brand boulevard and bumped against the large plate glass windows with such force as to break the glass and also the marble paneling below. Mr. Wright and his sixteen-year-old daughter Mary were getting ready to start the car. Mr. Wright not yet being in it, his daughter started the motor. The car had been left in low gear and so, upon starting the motor it immediately began to move and mounted the curbing with the results stated. No one was hurt but it caused considerable excitement in the neighborhood.

SEVENTY-FOUR YEARS

BIRTHDAY OF MRS. CHARLES HURD CELEBRATED WITH LAVENDER LUNCHEON

The seventy-fourth birthday of Mrs. Charles Hurd was charmingly celebrated Saturday by her daughter-in-law, Mrs. A. B. Hurd, who entertained at a luncheon of several courses served at her home at 110 South Adams street, a party of ladies some of whom were very old friends of the honoree. A lavender color scheme dominated the prettily-appointed table where baskets of flowers served as favors. The toast of the day was beautifully given by Mrs. Ewing of Los Angeles, the guest of honor making a fitting response. Ladies for whom covers were laid were: Mrs. Charles Hurd, Mesdames Barager, Silfies, Lyon, Oliver, Spees, Ewing, Hayes, Alexander and the hostess. Mrs. Hayes and Mrs. Charles Hurd were girls together in Marshall's III. Guests spent the afternoon visiting together while busied with needlework.

SHROPSHIRE WEDDING

MRS. MARY SHROPSHIRE ADVISED OF MARRIAGE OF SON CHARLES TO CHICAGO LADY

Mrs. Mary Shropshire of 145 South Everett street has had a surprise this week, but not an altogether unpleasant one. Her son, Charles Shropshire, who has been away from his Glendale home ever since he entered the navy, and who was discharged from the service of Uncle Sam last January, has advised her of his marriage last May. She knew of his engagement to Miss Elizabeth Damski, of Chicago, and approved his choice as the young woman who has become his wife was a friend of Mrs. Arthur Knight, formerly Miss Rae Davis, of this city, who has written of the bride in the highest terms of praise. The letters and photograph which Mrs. Shropshire had received from her new daughter-in-law prior also confirmed her favorable impressions. The young people are now residing in Jackson, Tenn., where Mr. Shropshire is assistant manager of one of a chain of stores controlled by a New York firm. Since he is away from Glendale Mrs. Shropshire is glad he has a home of his own and is prepared to give the daughter he has brought her a hearty welcome when the opportunity presents itself. The marriage had been set for this fall, but was hurried up when Mr. Shropshire knew he was likely to be called to Jackson.

LARET-LAMBERMONT

Very quiet was the wedding of Miss Louise Lambermont of 1316 San Fernando Road, who was married to Remy Laret at the Holy Family Catholic Church Saturday morning at nine o'clock, Father O'Neill officiating. Only the immediate relatives of the contracting parties were present. The bride, who wore a wedding gown of white and carried a bouquet of white flowers, was attended by the sister of the groom, Miss Martha Laret, also in white, the groom's brother, Raymond Laret, acting as best man. Following the ceremony the bridal party adjourned to the home of the bride's mother where a wedding breakfast was served. Mr. and Mrs. Laret will make their home on East Sichel St., Los Angeles, the groom being in the employ of the S. P. Railway. The bride has been an employee of the Glendale Telephone Company and has a large circle of friends here. In anticipation of her marriage she has been the recipient of a number of showers and other attentions.

CHRISTIAN CHURCH

PROMOTION AND RALLY DAY SUNDAY MORNING, SATISFYING SERMON AT EVENING

Promotion and Rally Day at Central Christian Church yesterday morning brought out an unusually large attendance. There were promotions from the Cradle Roll into the Primary Department from Primary to Junior Department and from Junior to Intermediate. The exercises by the Primary and Junior Departments were very well prepared and decidedly interesting. They consisted of songs, the repeating of psalms and other readings from the Bible and a recapitulation of work done the past year. These exercises, together with special music by the choir and an address from Superintendent Willard Learned occupied the usual morning worship season. Communion followed, and then dismissal.

In the evening Rev. F. M. Rogers, Secretary of the Christian Missionary Society of Southern California, occupied the pulpit. He made a preliminary statement to the effect that he brought a message to the church that he was sure would gratify the members, which message was that the pastor, Rev. Clifford A. Cole, was on last Friday chosen as a member of the Board of Directors of the Christian Missionary Society of Southern California, which position was counted a high honor to both church and pastor. Rev. Rogers' sermon was on the necessity of simplicity in religion. Complicated machinery is necessary in the line of physical endeavor, quite often, but man's religion should be simple and easy to understand, just faith in Jesus Christ and His saving power; then would follow obedience to His commands. We do not have faith in repentance, baptism and the Lord's Supper. We have faith in Jesus Christ and as He commanded the observance of these forms, we delight to do His will.

Mr. and Mrs. C. H. Woolsey of 324 West Milford have returned from a two weeks' outing at Balboa Beach.

CHEERING REPORTS FROM WHITE HOUSE

PRESIDENT HAS GOOD NIGHT AND SLEEPS NATURALLY—TREATY FIGHT NOT AFFECTED BY HIS ILLNESS

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 6.—Early today an official statement was given out from the White House saying that the President had passed a good night and was sleeping naturally, and comfortably. At 11:30 Admiral Grayson issued the formal statement saying: "The President's condition continues to improve." There were additional evidences around the White House that the President may have passed the turning point in his illness, but it was impressed upon every one that a protracted rest will probably be required to rebuild the President's shattered nerves.

Senator Hitchcock, administration spokesman, in the upper house, declared today that he did not expect the President's illness would have any serious effect on the treaty fight. He said as he views the situation there is nothing ahead except a straight fight for about three weeks and that the President's illness should not interfere with this.

INDUSTRIAL CONFERENCE OPENS

PLAN OF PRESIDENT EMERITUS ELIOT FOR LABOR TO SHARE IN MANAGEMENT, PROFITS TO BE CONSIDERED

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 6.—Among the first propositions to be submitted to the round table industrial conference which opened this morning at the White House, will be a proposal for labor to share in the management and profits of industry. President Emeritus Eliot of Harvard University suggested the plan which is now in concrete form and is in the hands of Secretary of Labor Wilson. Fifty-six men and women are attending as delegates. The conference opened this afternoon in the Pan-American Building.

The indications this morning were that an arrangement had been perfected whereby the Railway Brotherhood would withdraw its opposition and send delegates to the conference. Saturday the Brotherhood had announced it would not be represented unless every union in the American Federation of Labor was permitted to send delegates.

SEEKS DECISION ON "INTOXICANTS"

GOVERNMENT ATTORNEYS ASK SUPREME COURT TO ADVANCE TO EARLIER DATE CASE AGAINST BREWERY

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 6.—The government today moved to expedite a final decision on the amount of alcohol in beverages which constitute an intoxicant. The government's attorneys moved that the Supreme Court advance the case of the government against the Standard Brewery of Maryland to an earlier date. The lower court in this case has held that two and three-fourths per cent beer is not intoxicating. The government is fighting to establish that one-half of one per cent is an intoxicant. This case is looked upon as one of the most important of the series of test cases on war-time prohibition.

BOUNDARY DISPUTE IN COURT

SUPREME COURT ASKED TO DECIDE DIVIDING LINE BETWEEN NEW MEXICO AND COLORADO

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 6.—The State of New Mexico today asked the Supreme Court to decide legally what is the boundary between New Mexico and Colorado. The action was started by New Mexico to decide a long-standing dispute. No great amount of territory is involved but it is said to be of considerable value.

STATE FEDERATION OF LABOR

"ONE BIG UNION" IDEA WILL PROBABLY BE PRESENTED BUT NOT FAVORED BY FEDERATION

(Special Service to Glendale Evening News)

BAKERSFIELD, Oct. 6.—Three hundred delegates today attended the opening session of the State Federation of Labor Convention. Opening formalities occupied most of the day including a welcome by representatives of the city and response by President Murphy of the Federation, and the registration and accrediting of delegates.

President Murphy told a representative of the United Press that while the "one big union" idea would be presented to the convention, he did not look for it to reach any particular importance as he said the State Federation does not favor that step.

CLEAR WEATHER FOR WORLD SERIES

(Special Service to Glendale Evening News)

CHICAGO, Oct. 6.—Clear weather with a sharp wind marked the fifth day of the World Series.

COMMUNITY DINNER

MRS. RICHARDSON ENTERTAINS BOOSTERS FOR COMMUNITY SING AND THEIR FAMILIES

One of the most novel affairs held this season was the "Community Dinner," given by Mrs. Ella Richardson on Sunday at 2 p. m., when she entertained at her beautiful home on Central avenue the ladies who took part in the Community Sing benefit—"The Ragtime Tea." The invitation included their families and brought together fifty persons who were seated at long tables placed on the lawn.

When the dessert course was being served Mrs. Richardson surprised her guests by announcing the sale of her home to Charles Corby and his wife, Dr. Magill Corby, of Los Angeles, who had at that moment arrived on the scene and who were introduced to the company as the new owners. It was very pleasant for them to thus make the acquaintance of their neighbors and representative people of Glendale. Mrs. Richardson referred to the sentiments which cluster around this place which has so long been her home and her satisfaction in the knowledge that it will now be occupied by owners worthy to possess it and worthy the friendship of the neighborhood to which she is deeply attached. In conversation Mrs. Richardson revealed that Mr. and Mrs. Corby are planning to make improvements in the place to the extent of about \$5000. The party was therefore in the nature of a farewell function for the hostess and a welcome for the new owners. Mrs. Richardson is negotiating for other property and may build. Mr. and Mrs. Corby announced their intention of having a house warming which they invited all present to attend.

Following the dinner the company adjourned to the parlors of the Richardson home where a fine program was given which included piano solos (Continued on Page 4)

Mr. and Mrs. L. B. Batchelor of Jamestown, N. Y., were the guests Sunday of Mr. and Mrs. H. E. Bartlett of Brand boulevard. As this was their first trip to California their hosts entertained them in the morning with an auto ride. In the afternoon the Bartlett home was the scene of a reunion of a number of friends who had known Mr. Batchelor in Iowa.

Those calling during the afternoon were Mr. and Mrs. Wash Hunt, Mrs. J. M. Border and Mr. and Mrs. Horace Mussetter, who have recently purchased a home on Dryden street.

Miss Marion Patrick, of Santa Barbara, is also a guest of her sister, Mrs. Bartlett.

JOHN W. MC CURDY

PROMINENT GLENDALE RESIDENT DIES SUDDENLY OF HEART DISEASE

The sudden death from heart trouble of John Waddell McCurdy of 616 Milford street came as a distinct shock to his many friends in Glendale.

Mr. McCurdy passed away Sunday evening at 5:45 at the age of 73 years.

He came to Glendale about four years ago from Pruro, Nova Scotia, and became identified with the First Presbyterian Church of this city, where he was greatly beloved.

The immediate relatives are his widow, Mrs. Mary McCurdy, a son, Harry B. McCurdy, and Miss Mable McCurdy of Glendale, Mrs. A. D. Grimes of Oakland and Mrs. L. W. Lindsay of Canada.

Funeral services will be held at the chapel of L. G. Scovern Co., Wednesday, October 8th, at 2 p. m., Rev. W. E. Edmonds, pastor of the First Presbyterian Church, officiating. Interment at Forest Lawn Cemetery.

Mrs. E. D. Potter and son, H. D. Potter, of 244 North Verdugo Road, returned Saturday from Santa Barbara, where they had been in attendance on the Methodist conference.

FASHION REVUE

GLENDALE ELKS DELIGHTED WITH HIGH CLASS AND VERY ORIGINAL ENTERTAINMENT

Glendale Elks and their families had an opportunity to enjoy, Saturday night, another of the fine and unusual programs which are making their social affairs famous.

Dancing began about 8 o'clock with Blondie Clark and his boys officiating as the orchestra and the dance continued until ten o'clock, when guests adjourned to the assembly room where a miscellaneous program, which included the fashion revue, was given. The stage had been draped in black velvet with Oriental rugs also used in the setting and steps leading to a cleared space on the dancing floor.

The first numbers were Spanish dances by Miss Viola Yorba and her cousin, Mr. Martinez. Following these came six beautiful models from the Ville de Paris showing the smartest of riding togs. So chic they looked every woman present felt an immediate desire for a horse and equestrian costume. When they retired Katherine Clifford, the famous headliner on the Orpheum Circuit, who has recently been supporting Douglas Fairbanks, gave very clever song numbers, assisted by Harold Euston, a talented movie star of only (Continued on Page 4)

MILK BOTTLES AT FRONT DOOR

A movement is on in Glendale to persuade milk delivery men to leave milk at the back doors of Glendale residences and call for them there instead of having the front steps of attractive homes disfigured by bottles, some of which perchance get broken and become dangerous and more unsightly. Glendale wants to put its best foot forward and is trying to induce the milkmen to help in this respect and follow the custom of the groceryman and butcher by calling at the rear door.

DOLLAR EGGS AND BUTTER IN SIGHT

With eggs at 80 cents a dozen and butter 78 cents a pound on October 4th, the predictions of produce men that both will reach the dollar mark before Christmas is not far wrong. Grocers say that 55 cents a pound is the highest butter reached, previous to last year and that high mark was maintained for only a very few days.

PRACTICAL WORK

CERRITOS P.-T. A. TO ESTABLISH SCHOLARSHIP FUND TO BENEFIT NEEDY STUDENTS

Mrs. A. H. Brown, of Gardena avenue, past president of the Cerritos Parent-Teacher Association, presided at the opening of the session when Mrs. Eustace B. Moore was installed as head of the organization last Thursday afternoon at the Cerritos School. The program included a recitation by Herbert Sharpe, which was much enjoyed as was also the piano solo contributed by Beryl Goodale.

The speaker of the day was Mrs. Eggers, corresponding secretary of the first district P.-T. A. She dwelt on the activities of the organization, specially referring to its clinical work in feeding and caring for children improperly nourished and clothed, and made a plea for scholarships. This was of special interest as the Cerritos Association is planning to accumulate a fund with which to help needy children in its own field who otherwise might not be able to go to school. She also urged women to register that they might always be able to vote on questions which constantly arise of interest to them. She declared it should be the aim of every P.-T. A. to see that no boy nor girl fails to go through High School. "Democracy could not exist," she said, "without an educated people." Principal Harwood asked the association to provide a phonograph and Mrs. Prialux announced plans for raising money for that purpose. A vote was taken to subscribe for the Welfare Magazine, the official organ of the P.-T. A., also a vote to order ten "Mothers' Congress Pins." Mrs. Ambrosch of 528 Boynton street was appointed Visiting Chairman of the association.

Tea and cake made by Mesdames Pittinger and Wright were served during the social half hour that followed the program and there being some cake left it was sold for 90c, the proceeds going to the scholarship fund.

TORRENS TITLE SYSTEM UPHeld IN SUPREME COURT

A ruling of interest to every property owner, in California was made by Judge John M. York of the Supreme Court Wednesday. It was in a suit which had been brought against Charles A. Lent, owning an 80-acre ranch near Whittier, on which he had a trust deed for \$25,000 borrowed money. He was asking to have the land registered under the Torrens title system, so he would no longer have to pay heavy tribute to the title and trust companies should he sell the land or replace the trust deed with another. The title company sued to restrain him from getting a Torrens title on the ground that it would depreciate the value of the land and thus lessen the security. The defendant won a decided victory, it having been proven by the testimony of several bankers and heads of other title companies that a Torrens title was absolutely good. The court held that a certificate of title issued under the provisions of the Torrens act is based on a judgment of a court of general jurisdiction and is the highest evidence of title after such judgment becomes final. One of the arguments to the court was that the practical elimination of cost in determining title to land under the Torrens system has a tendency to increase its value as security for mortgages.

It is beyond the comprehension of the average citizen of California why such an expensive title system as has prevailed so many years was ever allowed to be fastened upon a suffering community. It is cumbersome, takes much valuable time and costs outrageously. The Torrens and similar systems prevailing in many states is simple, takes a very few hours and the cost is less than one tenth of the old system, and its certificate of title is far better than any under the old system, for it is backed by all the resources of the state and is good all the time, while that of a title company is good only as long as the said company is in existence. As soon as it quits business a new certificate of title must be obtained at a cost of from \$25 up. After the initial cost of securing a Torrens title has been met, the expense ceases, as a transfer costs considerably less than \$5, and that to the buyer almost entirely, this cost being simply for the recording of the deed and notary fees. No "new owner" fee is demanded, for his deed shows he is the owner and no exorbitant escrow fees and fees for searching title. The time is not far distant, when, despite the determined opposition of the title companies and some of the big banks owning stock in them, the Torrens system will be the only one in use in California, and the buyers and sellers and mortgagors of real estate will be saved many millions of dollars annually.

TUJUNGA

Miss Wight, sister of the professor in our schools, has rented the Burlingame house for a time to try our climate here.

Mrs. Rutherford has come from Los Angeles to remain with her daughter in the Trout house.

Arthur Zachau has purchased a half interest in the flour and feed business of G. F. Fischer on the highway. They will also add a line of groceries.

Mrs. Charles Johnson has returned from her trip to Ypsilanti, Michigan.

Mrs. Duke of Los Angeles was a caller on Tuesday.

Mr. Wright, postman at Glendale, finished his two weeks' vacation in

fighting fire at Mount Elsie the last two days and returned to work Saturday morning.

Over 80 lots have been sold in Tujunga the past two weeks, and every day brings more people to purchase.

Saturday, Sunday and Monday were three rainy days and the record shows 2.64 inches. There may be some small damage to grapes and beans, but this is overbalanced by having the fires put out and our watershed saved.

Mr. Thiele, who purchased two acres on Los Robles avenue, has his lumber on the ground, a space cleared and ready to put up his house. Other parties have ordered their meters in so they can begin to build. We sure are having a boom in Tujunga, and those of us who have been here for the past six years know it is a fine place to live.

tion on "Child Hygiene and Public Health Nursing" Thursday afternoon, October 2d. A very pleasant social hour followed. While the attendance was good it would seem a subject of so much importance would have drawn many more mothers than were present. Hereafter the meetings will be held the first Friday in the month.

Quite a list of La Canada men volunteered for service in fighting fire last week, including Messrs. Eckhart, Johnson, Searight, Skow, Williams, Bentley and Maynard, also several boys, Harlan Durand, Robert Horn and Irvin Potts. The last of the party left the mountains Friday night and arrived home in the wee sma' hours of the morning. They were drenched to the skin by the rain but thankful their vigil in the mountains was ended.

Mr. and Mrs. Harry Horn left last week for Utah in the hope that the change of climate will benefit Mr. Horn's health.

Orange street left Saturday for Chi-
cago, where she will visit her son,
Robert Philp, and his wife, who is
better known in Glendale as Miss
Dorothy Dow. Mrs. Philp does not
expect to make a lengthy visit, but
will return to California before snow
flies.

The aviators flying over Glendale
Saturday and Sunday, giving their
passengers a chance to view our
beautiful city from the sky, were Al
Wilson, who was a flying instructor
during the war and who has been in
the game since 1913, and Lieut.
Clark, a well-known stunt flyer.
They used Curtiss biplanes made in
Canada.

Mr. and Mrs. Alton Willis, who
were neighbors of Wm. Theobald and
wife in Muncie, Ind., for several
years, have come to California, hop-
ing to be able to make their home in
this favored land. They are now the

Ontario to stay until his complete
restoration to health.

far as Indiana.

Mrs. Henry Webb of San Diego re-
turned home Monday after a month's
visit with her mother, Mrs. Henry,

the state.

RALLY DAY AT M. E. SUNDAY SCHOOL

Sunday was Rally Day for the
boys and girls of the Sunday School
of the First Methodist Church. Theirs
is a graded school, the grades
corresponding with those of the pub-
lic school. Promotions take place
once a year and Sunday was the day
on which diplomas were presented
for good work and when students
who had earned advancement were
sent up higher. The exercises in
which the different departments took
part at the morning service were un-
usually good and the attendance was
excellent.

FLYING FIELD AND FLYERS

Our neighboring city, Burbank,
now boasts a flying field and yester-
day two Curtiss planes passed over
Glendale bound therefrom from Ven-
ice. The aviators who have estab-
lished the field at Burbank were in
Glendale Thursday trying to find a
suitable landing place, hoping to
make this a flight station, but while
they saw many vacant lots there
were no tracts large enough to make
landing or starting very safe. There
is always danger of striking wires or
houses unless there is a long, clear
stretch for easy ascent and descent.
Glendale already boasts a private
flying station, that of L. C. Brand,
just south of his foothill home.

FORTY WHITE RIBBONERS

A pretty service took place Sunday

purchased the V. Price Brown resi-
dence property at the corner of
Louise street and California avenue.
The location of this beautiful home
is excellent, and occupies a space of
75x150 feet, highly improved. Mr.
Webb is proving himself to be one of
Glendale's staunch business men and
it is his purpose to be identified with

terment of the city of his choice.

HOME PHILANTHROPY

Friday afternoon a meeting of
some importance was held at the
home of Mrs. E. L. Young, of 325
West Milford, who is the Chairman
of Philanthropy of the Parent-
Teacher Federation. The philan-
thropy chairman of seven out of the
ten P.-T. A. associations in this city
were present. Plans for reviving
the conservation work carried on by
the Junior Red Cross during the
war, a work which was inaugurated
by Mrs. Ben Nichols and afterwards
carried on under the chairmanship
of Mrs. C. H. Thompson, were consid-
ered, the product to be used for
home charity. Mrs. Thompson was
present and addressed the ladies on
what had been done by the women
of Glendale under her direction for
clothing the naked civilians of Eur-
ope.

UNIVERSITY EXTENSION COURSE ORGANIZED

Dr. Benjamin Stelter, who is pro-
fessor of English in the University
of Southern California and who is al-
so on the list of extension course in-
structors for the State University,
was in Glendale Thursday afternoon
at the High School where he or-
ganized a section for the study of
the modern drama. The majority
of the High School teachers enrolled
for the class which will meet there
Thursday afternoons. There was
also a call for a section in oral Eng-
lish, about eight ladies who desired
work of that kind being present
headed by Mrs. R. T. Burr, who
thinks she will have little difficulty
in securing the enrollment of the fifteen
necessary to insure organization.

MISS BERTHA C. DOERING SPEAKS

(Contributed)

For seven years a missionary to
the Laplanders, and for the last
three years under appointment of the
Interdenominational African Mis-
sions to work in the "Dark Con-
tinent," Miss Bertha C. Doering, a
Swedish nurse, spoke at the Glendale
Seventh-Day Adventist Church, Wil-
son and Isabel streets, at the regular
service last Saturday morning, tel-
ling of Providential answers to pray-
er.

In answer to prayer, she said, God
provided her with \$200 necessary for
railway fare from Sweden to Swit-
zerland. Again, she said, in answer
to prayer, she was provided with
\$350 steamer fare from Stockholm
to America.

"Before I close my testimony this
morning, I want to say, believe in
God," she said in conclusion. "You
see, friends, it is so easy to trust God
for the forgiveness of sins and for
the saving of our souls. But is it
easy to trust Him in the affairs of
our every-day lives? If you love
God, all the wonderful promises and
directions in His Word are yours,
altogether yours. And if we believe
in God, in His Word, in His prom-
ises, and keep His commandments,
then how happy we can be! Why
should we go through the world, liv-
ing on Grumbling street? I do not
think there are any people in the
world who have as much reason to
praise God with a smiling face as do
the Adventist people. Let us, then,
praise Him, because He is so good,
and because He loves us so."

"If you've but one sweater
You'd really much better
Go get yourself three or four more
For here on the Coast
It's the obvious boast
Each damsel owns fully a score."

It would seem that there could be no new styles, no
new colors in sweaters, but we can show you sweat-
ers that are different, just a little newer than any
you have seen and so alluring, so stylish and so ser-
viceable that you can't resist them.

At \$5.95 Every school girl will want one of
these slip-ons. They come in the
finest quality of wool, in many styles and many col-
ors and they are especially priced.

At \$13.95 In the long coat style we have an
endless variety of color combina-
tions and as these garments are made to our order,
we can give you any color you desire. These are a
wonderful value at this price.

Dinner," written for the occasion by Miss Eva Daniels. Mrs. Ralston also gave "Fleurette" and in response to encore a humorous selection. The program closed with the singing of "Glendale" by the full minstrel chorus led by Mrs. Parker. It was a delightful affair in all respects. The guest list included: Messrs. and Mesdames Harry Greenwalt, C. N. Van Dyke, A. A. Barton, George D. Roach, Charles A. Parker, H. W. Ralston, Roscoe Puffer, W. M. Craw-

BIBLE CONFERENCE

(Continued from Page 1)
to the right hand of God. He is our head. We are the members of His body. The body breathes the heavenly atmosphere because connected with the head."

It seemed a coincidence that Dr. A. B. Pritchard of Los Angeles also took a passage from the book of Ephesians—the fifth chapter and 27th verse, "the Church, her calling and glory." His talk was a clear and powerful setting forth of the great purpose God had for His Church (His body) in this marvelous age.

A strong sermon was preached by Dr. S. W. Farr, of Calvary Baptist Church, Los Angeles, in the evening. His topic was based on 2d Peter: 1-19-21, the interpretation of prophetic truth. Interest was intense throughout the discourse as he plainly showed that since God inspired the holy scriptures he alone can interpret them.

Saturday afternoon Rev. S. P. McLennan of San Pedro gave the three o'clock address, his theme being "God's Eternal Purpose as to the Earth," and at four o'clock Rev. D. G. Munfort spoke on "Why Desire the Lord's Return?" Both were strong premillennial addresses which were delivered before large audiences, not limited to members of the church but including many from other churches. The evening address, "The Last Watch," was by George W. Davis and as the theme suggested had to do with the waiting of the chosen of the Lord for His coming and the preparation for His reception.

The gentle, much-loved Dr. W. E. Blackstone who today celebrates his 87th birthday and who has been a prominent figure in the Bible Conferences ever since they were inaugurated here, occupied the pulpit Sunday morning and preached the conference sermon, his topic being "The Grace of God and the Blessed Hope." He handled it in his own sweet way and as usual won all hearts. At the close of the service he was presented with a large bunch of white carnations as a birthday tribute. The very nice musical program arranged for this service included a solo by Mrs. Frank Arnold and a rendition by the choir of the anthem "When He Comes Again," which was composed by Miss Judson Harris, one of the members of the church.

Sunday afternoon Dr. A. C. Dixon gave a very fine address on "Old Glory and the New Glory," in which he traced the history of the American flag which became the emblem of a people who sought these shores to secure religious freedom and how it was carried across the seas to secure freedom for the struggling people on that side of the water. He then spoke of the new glory which would be manifest on the earth when Christ should come to establish His Kingdom. Mrs. Fannie Marple Retts was the soloist at this service.

Another fine musical program embellished the Sunday evening service when the fine leader, Mr. Tovey, who is a New Zealander, sang in duet with Mrs. Tovey, afterwards directing the choir and leading the congregation in song. The address of the evening was by Dr. O. P. Gifford on "The Virgin Birth." He covered his topic in an unusual and impressive way. He showed by illustrations that there are many things, which seem incredible but which nevertheless are true and rational when we understand them. The virgin birth is one of the things which the Christian must accept as a mystery of Jesus' dual nature.

The conference in many respects was the most successful the church has ever held. The attendance on the closing days, particularly at all the Sunday sessions, taxed the capacity of the church even with the Sunday School room thrown into the main auditorium. Interest in the general theme of the conference—the second coming of Christ—was further demonstrated by the sales of Bibles and literature relative to the subject. It is considered an excellent preparation for the young people's evangelistic campaign which opens tonight in the big tent on Wilson avenue.

FASHION REVUE

twelve years who was with her on the circuit. They came as guests and contributed their number, which would have cost a great deal of money and could probably not have been secured at all had the club attempted to hire them as entertainers. Miss Clifford is a personal friend of a member of the committee and came as his guest.

At the conclusion of the song numbers the models appeared again this time showing very refined but very stunning beach costumes.

The interval before their next appearance was filled by Frank Simmons, who, arrayed in a gorgeous peacock feather costume, danced to "Hindustan." Then the girls of the revue appeared again, this time in fetching golf and tennis costumes. Mr. Simmons' number had so delighted the audience that there was a call for the "Spring Dance," which he gave in classic draperies and followed with an imitation of Maud Allen in the Spring Song which greatly entertained the audience.

The last numbers were interpretive songs by Blondie Clark, including the Spanish favorite "Si Si, Senora," the beautiful ballad "Breezes," his very popular "Whip-poor-will" and ending with a take-

This finished the program and there was a return to the ball room where dancing was resumed.

Mrs. Mattie B. Shaw returned to Sunland this week from her visit at San Francisco.
